

# DATA ARCHIVING SERVICE

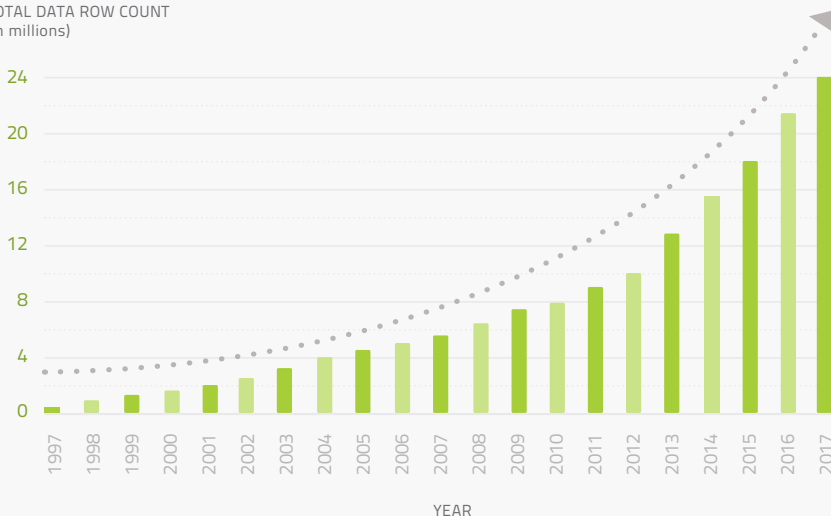

## CLEAN UP DATA. SPEED UP PERFORMANCE.

Many organizations that are long-time PeopleSoft customers find their system slowing down over time. Whether it gets bogged down due to company growth or acquisitions, this performance degradation hinders productivity and causes frustration for users.

SpearMC's Data Archiving Service archives years of historical data, allowing your business to quickly increase efficiency and prevent performance issues in the future.

EXAMPLE DATA GROWTH TREND OVER 20 YEARS
