## About SpearMC

SpearMC is a full-service consulting and technology services firm with specific focus on Oracle/PeopleSoft Applications. Our principal consultants and partners have held management positions at BearingPoint, KPMG, and Accenture.

## Get the most from your technology investment

If you're considering implementing Oracle Primavera Unifier or are looking for support with an existing implementation, we can help. Our certified consultants have decades of enterprise project management implementation experience and can help you maximize the benefits of your software.

## Achieve results faster

Oracle's Primavera Unifier is an incredibly powerful project lifecycle management platform that gets even more powerful when it's used and implemented properly. Our team helps put you in position to use Primavera Unifier to its fullest potential.

## Oracle Primavera Unifier services

From planning for an implementation to providing post-launch support, we help our clients experience success by providing the following:

- Organizational and business case assessments
- Project planning
- Systems specification and procurement assistance
- Process design, application, configuration, integration & deployment
- System documentation and training
- Support

*“SpearMC committed to partner with us on multiple Primavera Unifier initiatives. They compliment our focus on delivering quality solutions at reasonable costs. SpearMC delivers the right resource at the right time...it sets them apart from the rest”*
