

# Oracle PeopleSoft Applications Learning Subscription

## The Future of Self-Directed Learning

In today's fast-paced digital world, access to training that adapts to your schedule is paramount to keeping up with the pace of the ongoing PeopleSoft direction. Benefit from learning on the go and building new skills with the **Oracle PeopleSoft Applications Learning Subscription**.

### Oracle PeopleSoft Applications Learning Subscription

PeopleSoft Applications are designed to address the most complex business requirements. By implementing an integrated suite of applications, PeopleSoft Applications provide a comprehensive business and industry solution, enabling organizations to increase productivity, accelerate business performance, and provide a lower cost of ownership. With PeopleSoft Applications training, you learn about the different PeopleSoft applications that offer greater visibility into critical information with a single, accurate view of all project related activities.

Your team members can benefit from multiple training topic areas incorporated within the comprehensive online PeopleSoft Applications tutorial, which includes content on Core HR, Benefits, Time & Pay, Talent, Financial Management, Treasury & Cash Management, Enterprise Services Administration, Supplier Relationship, Customer Fulfillment, Inventory Management, Planning & Manufacturing, and Asset Lifecycle Management. New topics will be introduced as they are available.

### With the PeopleSoft Applications Learning Subscription Learn How To:

- **Develop** new applications or customize existing applications.
- **Administer** applications that you have deployed within your organization.
- **Provide** decision support and reporting functionality to decision makers.
- **Integrate** PeopleSoft applications with other PeopleSoft applications or third party applications.
- **Upgrade** and update your applications as part of system lifecycle management.

### Your Oracle Learning Subscription Includes:

- ✓ Learning Paths
- ✓ Courses
- ✓ Modules
- ✓ Hands-on Labs
- ✓ Skill Checks
- ✓ Access to Instructors

# Oracle Cloud Learning Subscriptions

## Enabling Oracle Cloud Success

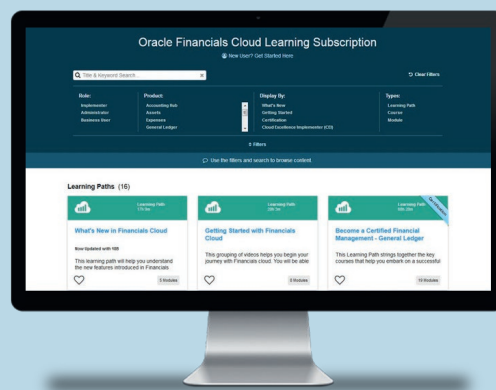

Enable the full power of Oracle Cloud services with an Oracle Cloud Learning Subscription. These all digital learning solutions help you stay up-to-date with the knowledge and skills needed for success in the cloud.

### Oracle Cloud Learning Subscriptions

Oracle Cloud Learning Subscriptions are the ideal way for technical and core team members to build skills, stay up-to-date, and get certified on your Oracle Cloud services. You get unlimited access for 12 months to a complete set of content in the form of high quality training videos delivered by our best instructors.

Learn through step-by-step demonstrations, real world examples, and use cases. Practice with hands-on labs using live cloud environments. Since Oracle Cloud services are regularly enhanced with new features, it is critical to stay on top of those changes. The training in every learning subscription is updated with each new product release enabling you to continuously learn about your evolving cloud services.

Over 25 different Cloud Learning Subscriptions are available for SaaS, PaaS and IaaS products.

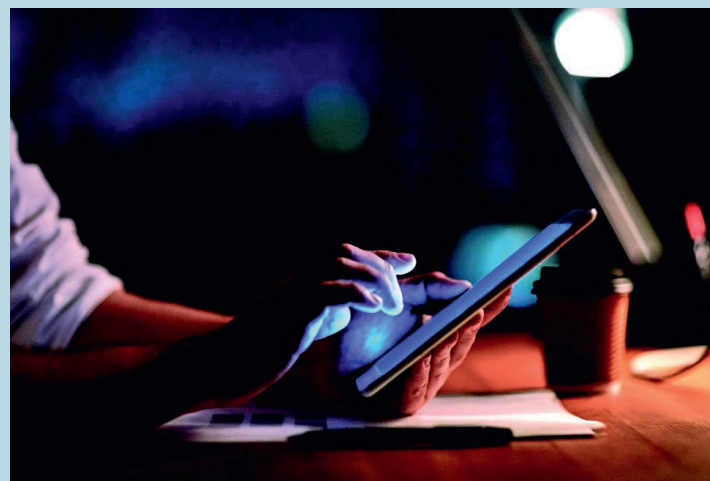

### Certification Exams Included

All relevant Oracle Cloud certification exams are included in your learning subscription. You get one free attempt at each exam in your subscription during the subscription period, enabling you to become Oracle certified.

### Key Benefits

Training is updated for each product release so you can stay current on the key new features

- **Hands-on-labs** enable you to practice on live cloud environments
- **Learning paths** provide guidance on the recommended order of training courses
- **Get answers** to your questions from Oracle experts
- **Certification exams** enable you to validate your skills with industry recognized credentials
- **Individual dashboards** allow you to track your learning progress and achievements
- **Real time reporting** is available for organizations
